Dear Students, Parents and Guardians,

I hope that everyone is enjoying a restful and pleasant summer. The weather has been kind to us, if a little too hot at times! I hope that you all have had an opportunity to gather with family and friends and to enjoy a slower pace. I would like to take this opportunity to welcome each of you to the Crossroads Center. Our school is truly a place where students are inspired to succeed.

The start of a brand new school year is always an exciting time. I have always believed that students need more than new school supplies, or clothing to have a successful start to the school year. While those things are important, I believe that students truly need to be welcomed when they walk through our doors. At Crossroads Center, we place high value on positive relationships. Our students come to us from all over Baltimore County. They may not know anyone at our school when they arrive. How we make them feel when they arrive is extremely important to me. Our students will feel welcomed and cared for from the first day of school, until the last day in June. As you may know, we are made up of small learning communities at Crossroads Center. We believe that this structure allows us to get to know our students, and to quickly help them to feel cared for. We can also maximize our efforts in each classroom with this approach. When students arrive on September 3, 2019 they will each be welcomed by teachers, para-educators and support staff in these small learning communities. Our communities are arranged by grade level as follows:

- Antarctic Community – Grade 7
- Indian Community – Grade 8
- Atlantic Community – World Language, PE and Technology Education
- Pacific Community – Grade 9
- Arctic Community – Grades 10-12

After we get to know each other, our students and parents will find that the staff at Crossroads will leave nothing to chance. We will expect that our students take advantage of what we offer, but we will make sure that each one gets instruction that is personalized for their individual success. It is our belief that it is better to help each of our students overcome barriers to success than to require them to conform to the constraints of a school.

Students will also feel welcomed and among friends, as they participate in experiential learning. Over the first few days in September, students and staff will take part in experiential learning adventures. These experiences build teamwork, a sense of connection, and they reinforce 21st Century learning skills like communication and cooperation.

At Crossroads Center, we have been doing this for the last 12 years. We have found that the best way to accomplish this, is by doing three things very well:

1. We provide creative instruction that is responsive, personalized, and invites students to be invested in their own learning, rather than become passive recipients of knowledge. We want them to be thinkers and problem solvers. We are in the business of creating future citizens, not just workers.
2. We forge strong and caring relationships, based on trust and respect. We value and use Restorative Justice and Restorative Practices. Our communities allow us all to know each student. A student never feels anonymous at Crossroads Center.
3. We communicate effectively with everyone who passes through our doors - students, parents, staff, and community. We invite parents and members of our community to be partners in our mission, and partners in the success of our students.

At Crossroads Center, we believe that students learn best when they have personalized, face to face instruction, and the full use of technological tools to access information and to create. Technology alone is never enough to ensure success. In fact, it makes poor instruction more obvious in my opinion. Technology only allows students to get closer to the sources of information. Great teachers, working with students and their families to apply technology to...
Crossroads Center 2019-2020
Back-to-School Newsletter

I am also proud of the progress that Crossroads has made with AVID over the last two years. AVID stands for Advancement Via Individual Determination. The stated mission of this organization is to “close the achievement gap by preparing all students for college (and career) readiness.” This fits neatly with our own vision and mission. AVID is a great way to take our gifts for teaching and turn them into models for intentional, purposeful and repeatable student successes. AVID is actively taught in two grades, but it is a part of our daily operations in all grades.

These are exciting times at Crossroads, and I would like to extend to each of you, an invitation to visit us for our Back to School Night on Thursday, September 12th from 6:00-8:00 PM. This is your opportunity to meet us all and hear about the great things that are happening at our school. In the meantime, please feel free to visit us! Stay current with what is going on by visiting our website at: http://crossroadscenter.bcps.org. For what to purchase regarding school supplies, see the list below under School Supplies.

In this newsletter you will find information regarding student bus stops and pickup times assigned by BCPS’s Department of Transportation.

I also welcome your input and feedback. Please participate in parent surveys and join us for our many events through the year. We will do our part to challenge, engage and encourage each student. We need you to help make sure that your child takes full advantage of what we offer at Crossroads. Through our partnership, we will make 2019-20 an outstanding year for our students!

Sincerely,
John S. Ward
Principal

ALL STUDENTS REPORT
SEPTEMBER 3, 2019
Crossroads Center Back-to-School Night
Thursday, September 12, 2019
6:00 p.m. to 8:00 p.m.

Back-to-School Night gives you the opportunity to meet faculty and staff, follow your student’s schedule, and learn about academic expectations and the Crossroads program.

HOURS
Daily attendance is the expectation and students will earn rewards by coming daily and working responsibly during each day. School hours are 9:30 AM until 4:00 PM. Students may enter the building at 9:10 AM and go directly to their first scheduled class. School is dismissed at 4:00 PM when all students will board the buses for the trip home. Any after school activities will be arranged by teachers directly with parents who will be responsible for all after school transportation.

SCHOOL SUPPLIES
These supplies are a basic list to get started for the year. Teachers may request additional supplies for individual classes. Each student should have a large 3-ring binder with a constant supply of 3 holed paper, dividers, a pencil case for the binder with pens, pencils, highlighters, colored markers, and a marble notebook. Backpacks must fit into a student’s locker.

Mr. Christopher Wilson-cwilson5@bcps.org

Nurse:
Ms. Lisa Hicks-lhicks@bcps.org

TRANSPORTATION

Bus stop locations and first day pick-up times are included in this newsletter. Students should report to the closest bus stop location to their home the first day of school. Students will receive a bus assignment sheet during homeroom on their first day of attendance at the Crossroads Center. This assignment sheet will provide students with the bus stop that has been assigned to them and a specific pick-up time that they will use starting on the second day of school. Pick-up times will fluctuate in the first few weeks of school as bus routes are stabilized; therefore it is important that starting with the second day of school, students should be at their bus stops at least 10 minutes before their scheduled pick-up time and remain at the stop at least 10 minutes after the scheduled pick-up time. In the first few weeks of school you may want to allow even more wait time until you feel comfortable that the bus route has stabilized. Parents who wish to drive their children to school may drop them off on the sidewalk nearest the driveway entrances. Students should then use the sidewalks to walk to the front entrance of the school. Students should arrive to school between 9:10 a.m. and 9:23 a.m. Breakfast/homeroom begins promptly at 9:30 a.m. and all students should be in their classes by that time. Questions concerning first day pick-up stops and times may be addressed by calling the school at 443-809-2275 after August 28, 2019.

DRESS FOR SUCCESS

All students will dress for success. Keep in mind our environment is air conditioned. We are building habits for the future in the way we present ourselves each day.

Please keep in mind the following guidelines:
• No undergarments should be exposed.
• Shoes or sandals should be suitable for outdoor wear.
• Headwear, except as worn for medical reasons or as a legitimate expression of a student’s religious practice and faith, must be kept in the locker or at home.
• Avoid items that may present a danger to others.
• Expensive jewelry, electronic devices/headsets should be kept at home and cell phones should be kept in the student’s locker.

Our focus is on achievement.

LOCKERS

Each student will be assigned a locker when he/she reports to school. Our lockers are equipped with a combination lock. Students must keep all coats and outer clothing in their locker. Students are reminded not to share lockers or their combinations with others. Lockers are the property of the school and are on loan to the students. They may, therefore, be searched if school personnel find it necessary. Students are responsible to maintain combination locks and will be assessed a $9.00 charge for lost locks.

STUDENT HANDBOOK - CODE OF CONDUCT

An administrator will meet with each class to present and explain, in detail, the content of the 2019-2020 Student Handbook. Parents/guardians are requested to review and sign the acknowledgement form. The expectations, rules and consequences are always in effect both on and off school grounds. Crossroads has a code of conduct with clear expectations that will recognize students for making good choices and decisions. Our focus will be on behavior that is respectful, responsible, and safe.
ATTENDANCE
The Maryland Department of Education states that a student must miss no more than 10 days a year to be rated satisfactory. Daily attendance and punctuality are the expectation. Students should remain out of school only when it is absolutely necessary.

Under state law a note explaining the reason must cover any absences. Illness extending beyond 3 days should be explained by a doctor’s certificate. Parents or guardians are requested to telephone and discuss issues with the school nurse at 443-809-2388.

Absence for family vacation is unexcused. If extenuating circumstances arise, please notify the appropriate assistant principal by letter at least two weeks prior to the anticipated absence. Please make every effort to plan doctor appointments after school hours.

COMMUNICATING
Parents and guardians have access to BCPSOne to stay informed and engaged in your child’s education, https://bcpsone.bcps.org gives access to student’s classes, assignments, attendance information, and grades. We encourage parents to sign in to this valuable online parent portal. When parents have questions or concerns, please call the specific teacher first or the community leader if the concern is about more than one class. You may call 443-809-2275 to leave a message for our teachers.

If you have a question or concern about student service learning, career exploration, or any overall academics, or social-emotional concerns for your student, please contact our Student Support Services office at 443-809-2275.

After speaking with teachers, community/grade managers, or counselors should you need an administrator contact the appropriate grade level administrator or Mr. Ward, the principal.

SCHOOL MESSENGER
Baltimore County Public Schools’ School Messenger system is used to keep parents informed of school and district events, student attendance, etc. It is essential that we have updated telephone numbers. Your email address is also very useful. Please verify and return the student contact information form that will be sent home with your student on the first day of school.

STUDENT PRIVACY PREFERENCE OPTIONS
Parents may begin electronically updating Student Privacy Options through the student information tile in BCPS One. This form will no longer be printed with the Annual Student Review Form (formerly the Emergency Contact Form).

BCPS MAGNET PROGRAMS
Applications for the 2020-2021 school year will be available at:

BCPS Magnet Programs’ Web site (tinyurl.com/BCPSMagnet)
Office of Magnet Programs on Monday, September 16, 2019.

Applications must be mailed or submitted using the online application system by 1 p.m. on Friday, November 15, 2019

PBIS
The Crossroads Center utilizes the PBIS (Positive Behavior Interventions and Supports) program in order to encourage positive, respectful behavior to help your child achieve in school. The mission of this program is to build self-discipline, coping mechanisms, and academic skills to help your child maximize his or her potential. We pride ourselves on our many incentives to recognize individual students through positive reinforcements. We are in search of prizes for our students who demonstrate those traits that will make them successful students and responsible members of our community. Due to our unique situation, we are unable to form a PTSA in order to raise funds for all these incentives for your child. Please consider supporting this initiative through donations of gift certificates,
coupons, or small prizes. Your generosity will be acknowledged on our school website and through school-wide announcements and newsletters. Please send your donation to the Crossroads Center PBIS Committee, c/o PBIS Coordinator, 11640 Crossroads Circle, Baltimore, MD 21220. Again, your help is greatly appreciated.

**EXPERIENTIAL LEARNING**

Each year, Crossroads Center continues to build relevant and meaningful educational opportunities for students. This will be our ninth year for the Experiential Learning program. This program allows students to connect the academic focus of the classroom with real life experiences in the community and county. Each experience includes a variety of activities that will reinforce teamwork, problem-solving skills, and effective communication, while building civility between students, staff, and the community. Please look for permission slips for Experiential Learning coming home with your child soon! Students who provide parent signed permission slips will be allowed to participate in Experiential Learning trips.

**IMPORTANT SOCIAL MEDIA INFORMATION**

Social media, Facebook, Instagram, and Twitter are a reality of modern life. While these tools are sometimes useful in academics and business, they often present young people with social challenges and interpersonal difficulties. At Crossroads Center, we care about the emotional and physical well-being of all of our students. Crossroads does not permit students to use social networking sites for purposes that are not related to school. It is primarily a parental responsibility to monitor student’s activities in social media. Parents should be aware of time spent on social networking sites, and prohibit students from using them, if they become distracting, threatening, or present obstacles to progress. Additionally, parents may contact the school at any time concerning online usage by students. Our school counselors and resource officer will investigate and work to resolve problems that develop online or in person. Please be mindful however, that keeping an eye on how much time your child spends on social media sites, and monitoring texts will prevent problems.

**FOOD SERVICES**

Each student will receive **both breakfast and lunch at no charge**. There will be a special menu developed specifically for students at Crossroads. The menu will be posted so students will know what is being served each day. Students may always bring lunch from home. There will be no “a la carte” food sold so checking the upcoming menu and planning ahead is essential.

**PEANUT/TREE NUT ALLERGIES**

In compliance with Maryland law, our school will designate a peanut and tree nut free table wherever food is served for students with medically documented allergies. If your child has such an allergy and you would like to request this accommodation, please notify the school nurse, Ms. Hicks, at 443-809-2388.

**HEALTH SERVICES**

Nurse Lisa “Shelley” Hicks is a full time member of our support staff. Academic success for each student is her goal and this is accomplished through student wellness. Our nurse will work closely with families to be sure each student is healthy and able to learn. Time out of class is missed academic opportunity. By working with the nurse, each student will have a healthy school year.

**MEDICATION IN SCHOOL**

If your child needs to take medication in school, you must provide an order written by a doctor. The medication must be in a labeled prescription bottle or original container. This would include Tylenol, cold medication, cough syrup, antibiotics, eye drops, etc. Never send medication in an envelope, baggie or bottle with a note from home. This medication will not be given to your student. The medication cannot be sent home by the student; parents must pick it up. Please complete and return a BCPS “Discretionary Medication” form if you wish the nurse to dispense Tylenol, cough drops, etc.

**SCHOOL RESOURCE OFFICER**

Crossroads Center is pleased to be a part of the school resource officer program. The placement of a Baltimore County law enforcement officer within our school continues to promote a safe and orderly environment. Officer Bowman acts as a liaison between the community and our school. He is an active law enforcement officer on our campus for immediate response, a resource for law related education, and a law related counselor. Officer Bowman works cooperatively and collaboratively with administrators, staff, students and parents.

**CROSSROADS CENTER’S VISION**

Crossroads Center will inspire students to overcome academic and personal obstacles to be prepared to succeed in college or a career through innovative teaching and learning practices.
